Developed solutions to optimize delivery methods based on customer order priorities.
• Implemented cost-saving strategies for improved customer satisfaction and increased revenue from underperforming segments.

PROJECTS

Sales Dashboard Of Flirt On A Budget

The dashboard is updated in real-time or regularly and displays data in formats like graphs, tables, and charts. Conditional formatting and color-coding can help focus attention on key metrics.   LINK

Country's Revenue (Macro)

VBA enables users to customize macros and share procedures to automate tasks across programs and computers.   LINK

Consulting Project Dashboard

The dashboard can be made with tools like Excel. It typically includes tabs with timelines, Gantt charts, budgets, and risk management metrics.   LINK

Adidas Sales Dashboard

The sales dashboard created on Excel provide businesses with a clear overview of their sales performance, enabling them to make informed decisions and take proactive steps to improve their sales strategies   LINK
